SOMETHING FOR EVERYONE???

Dear Members and Friends of PAPA At Chicago Executive:

Did you know.....

PAPA A.C.E. presents free educational seminars at least 5 times every year?

PAPA hosts a member appreciation picnic every August and a Holiday Dinner every December?

PAPA does fund-raising to add to our Safety and Scholarship Fund—making money available for students of aviation to get financial help every year? This is an Illinois non-profit corporation. Donations to this fund are tax deductible because it is a 501 © 3 organization.

PAPA supports Chicago Executive Airport's Open House, and the airport's annual Career Expo, and CEA's Santa Toy Drop, and the Young Eagles flight program, and the airport tour program, and just about anything else the airport asks of us and allows us to pitch in on! We work hard to be an essential part of the airport community.

PAPA speaks whenever requested at local and regional community meetings, in order to educate the public about general aviation.

PAPA participates in the Illinois Aviation Hall of Fame program, which strives to recognize those who have made incredibly valuable contributions to aviation in Illinois.

PAPA wants to continue to do all this, and to do more. We especially want to increase our membership and therefore our voice. We also want to increase our flying activities during this coming year and the years ahead. Please tell us what you might like to help with—we welcome volunteers and assistance in all of our efforts.

And tell us what else you might like us to do. We exist for our members—to act as their voice to the airport management, and to bring news from them back to you.

Just like the marines, we are looking for a few good men and women. Contact papa@pwkpilots.org

WHAT PAPA DID IN JANUARY

PAPA members met on January 10th for the regular monthly Board meeting. We conducted our regular business, including all of the plans for the upcoming meeting schedule. We voted to change our Board Meeting night from Tuesday to Monday. The second Monday of each month will be the new meeting night for our Officers and Directors. New volunteers are always welcome. You could help!!! Please volunteer—be a part of it..

PAPA members attended the January meeting of the Chicago Executive Airport Board. We continue our strong commitment to providing a flow of information from the pilot community to the Chicago Executive Board and from them back to the pilot community.

Join us in making a commitment to excellence - in safety education, in representation of the CEA pilot population, in working for improvements at KPWK, and in providing scholarship opportunities for worthy aviation students.

PAPA members fly for business and commercial purposes, give flight instruction, take flight instruction for recurrent training and for new ratings, fly for breakfast, lunch and/or dinner, and just fly for fun.

Did you fly this month?

VARIOUS FLY OUTS AND EVENTS TO BE ADDED DURING THE YEAR

PAPA SEZ is published monthly by PAPA At Chicago Executive. PAPA was formed in 1986 as a forum for the users of Chicago Executive Airport (formerly known as Palwaukee) and a means to act as a conduit for information from the users to the governing body and from the governing body to the users. PAPA's mission is to promote the safety of operations and continued development of Chicago Executive Airport in a fraternal environment with the pilots, users and community. Membership in PAPA is open to any user of Chicago Executive Airport. Membership dues are \$30.00 annually and include a subscription to PAPA SEZ.

Letters to the Editor, Feedback, Concerns and Questions and any articles submitted for publication must be received by the 15th of the month, will be printed on a space available basis, and may be edited for style, length and appropriate content. Send text as a Microsoft Word file attached to an email to 99mjm@sbcglobal.net. Any files not electronically transmitted, please make prior arrangement with the editor.

Aircraft Registration Deadline

In July 2010, the FAA published a final rule that establishes specific registration expiration dates over a three-year period for all U.S. civil aircraft registered before October 1, 2010, and requires re-registration of those aircraft according to a specific schedule. Currently, aircraft registered in July of any year will have their registration expire on March 31, 2012 and must apply for re-registration no later than January 31, 2012. Owners of aircraft with a July registration should have already received an expiration notice that contains an online re-registration code.

To ensure the FAA has the correct address information for your aircraft, you can check your N-number here:
http://registry.faa.gov/aircraftinquiry/nnum_inquiry.aspx.

An FAQ and complete schedule of expiration dates can be found here: www.faa.gov/licenses_certificates/aircraft_certification/aircraft_registry/reregistration_faq/

DON'T FORGET

SNOW HOTLINE AT KPWK

The airport has created a Snow Hotline. Simply dial the main office number 847-537-2580 and press 9 for the Snow Hotline. We will update the message when snow events occur and give a brief description of the pavement conditions and weather. We ask that you do not leave a message after the recording because it will not be monitored.

NOTE FROM THE EDITOR

NPRM Seeks Comments on Future Airspace Transition

On Dec. 15, 2011, the FAA issued a Notice of Proposed Rulemaking (NPRM) to seek comments on a proposed transition of the U.S. National Airspace System (NAS) navigation infrastructure to enable performance-based navigation (PBN) as part of the Next Generation Air Transportation System (NextGen). The FAA plans to transition from defining airways, routes and procedures using VORs and other legacy NAVAIDs towards a NAS based on Area Navigation (RNAV) everywhere and Required Navigation Performance (RNP) where beneficial. Since VORs do not enable RNAV, RNP, or Automatic Dependent Surveillance-Broadcast (ADS-B) operations, the FAA plans to reduce costs by drawing down the number of these FAA-provided VORs to a minimum operational network.

As part of this transition process, the FAA will form a working group to engage aviation industry stakeholders and other members of the public for input. The group will also provide a candidate list for VORs for discontinuance that will ensure safety and continuous operations. For details and instructions on how to provide comments, see:
